## BERLIN MOBS SLAY DR. CARL LIEBKNECHT AND ROSA LUXEMBURG

Hotel Eden Stormed and Victims Dragged From Automobile in Which They Were Attempting to Escape

ROSA LUXEMBURG WAS BEATEN INTO  
INSENSIBILITY BY INFURIATED MOBS

Liebknecht Attempted Escape and Was Shot Dead by Soldiers

BERLIN, JANUARY 16.—(Associated Press)—Dr. Karl Liebknecht and Rosa Luxemburg have been killed. When it became known yesterday that Dr. Liebknecht and Rosa Luxemburg were at the hotel Eden in the western part of the city, a crowd rapidly congregated and stormed the hotel to lay hands on them. Both were spirited to a side entrance to the hotel but the mob forestalled the attempts of the troops to save Fraulein Luxemburg. She was beaten into insensibility and then thrown into an automobile by the crowd which intended to take her to prison.

A few blocks down the street the machine was halted by a second mob and when the presence of Fraulein Luxemburg became known a man jumped on the running board of the car and shot her through the head.

The body was dragged from the machine and carried off. It is believed it was thrown into the canal, but it has not been found.

In the meantime Dr. Liebknecht was hurried into another machine by officers and troops and the car was headed for the Moabit prison.

While going through the Tiergarten the machine was halted by a punctured tire. Dr. Liebknecht was asked to get out by the officers who intended to hail another auto and continue to prison. While waiting Dr. Liebknecht made an attempt to escape and was shot dead by soldiers who had anticipated such an effort.

## OHIO UTILITIES COMMISSION HAS REJECTED PLAN

McAdoo's Increased Express Rates So Far As Ohio is Concerned is Rejected

(By Associated Press)  
Columbus, O., January 17.—The Ohio Public Utilities Commission today formally rejected the order of W. G. McAdoo, as Federal Railroad Director-General, providing for an increase of zone express rates so far as its operation in Ohio is concerned.

The action was based solely upon failure to comply with Ohio laws requiring rate schedules to be filed with the Ohio commission 30 days before their effective date.

McAdoo's order for the proposed change was issued from the New York office of the American Railway Express Company, on December 15, to take effect January 1. It was received here January 13.

The commission did not consider the question of the justice of the rates.

Yesterday the commission rejected Postmaster General Burleson's schedule for long distance telephone rates on the ground that they were excessive and made without due investigation.

## SOLDIER BOYS ENJOY WINTER SPORTS

YANKS IN CAMP ENJOY WINTER SPORTS. (AP) (INTL.)

"All on! Let her go!" Uncle Sam's husky lads at Camp Devens, Ayer, Mass., are enjoying winter sports to the limit. New England is always certain of a heavy blanket of snow during the winter months and the Yanks stationed there are making the best of the first heavy fall. The bunch are shown on an old-fashioned "bob sled" ready for the big slide down the hill.

## SECRECY BAN WITHHELD BY WILSON REQUEST

Stir Caused by Yesterday's Announcement of Secrecy Not Unwelcome to British.

Some Plan of Reporting Meeting Will be Worked Out.

(By Associated Press)

Paris, January 16.—At the instance of President Wilson the supreme inter-allied council decided today to hold in abeyance the proposed rule for virtual secrecy regarding its deliberations beyond information given in official statements. It was also decided to request representatives of the British, American and Italian press to present some plan for reporting the meeting.

It was said in American circles here today that the stir caused by yesterday's action was not at all unwelcome to the British and American officials who were willing to work for a broader rule which would open the proceedings to public view to some extent at least.

British correspondents held a meeting and adopted a resolution asking that one British press representative be admitted to the sittings. American correspondents also adopted resolutions declaring they would be satisfied with nothing less than free access to all deliberations.

These resolutions were brought before a meeting at which were present representatives of all nations associated in the war against Germany. A committee was appointed to report tomorrow a plan of reporting the deliberations which will be presented to the peace delegates tomorrow.

## SINN FEINERS YIELD ARMS

(By Associated Press)  
London, January 17.—A number of revolvers and several hundred rounds of ammunition belonging to Sinn Feiners have been seized here, according to the Mail. Two arrests have been made.

WILSON DELAYS HIS VISIT  
Paris, January 17.—President Wilson has indefinitely postponed his visit to the invaded regions of France in order to keep in touch with the peace conference activities in Paris.

## DECLARES OCEAN TRIP POSSIBLE

SIGNOR CAPRONI

Signor Gianni Caproni, noted inventor and builder of airplanes, predicted that within a year trans-Atlantic flights in airplanes will be common, according to a dispatch from Milan, Italy, by way of Paris. Signor Caproni declared he intended to make a flight across the Atlantic shortly. He is at present building a giant triplane which will be equipped with three Liberty motors for the proposed flight.

## FRENCH GET GREAT U-BOAT

(By Associated Press)  
Paris, January 17.—German submarine U-139 has arrived at Brest, a fortnight later than other U-boats turned over to France, owing to her damaged condition. She is the world's largest submarine, being 354 feet long and having a displacement of 2900 tons. She made only one cruise before the armistice was signed.

## COAL AND COKE PRICE ORDERS ARE SUSPENDED

New Ruling Will Be in Effect on February 1st

(By Associated Press)  
Washington, January 17.—Zone and price regulations on coke and all coal except Pennsylvania anthracite were suspended by the Fuel Administration today effective February 1st. Suspension of the price regulations include provisions touching purchasing agencies, commissions and wholesale and retail margins. Notice is given that the suspension is subject to reinstatement if prices, wages, labor, production or if other conditions arise that require it.

## BORAH DEMANDS OPEN SESSIONS OF CONFERENCE

Senator Protests Against Secrecy Even in Negotiations

"Open Covenants of Peace Openly Arrived At."

(By Associated Press)

Washington, January 17.—Senator Borah addressed the Senate today in protest against secrecy at the peace conference. He said the question was whether President Wilson's point for open diplomacy was to be discarded entirely.

He declared the matter of publicity to be one of the most vital propositions before the conference and said it ought to be known that the Senate was in sympathy with the United States delegates.

Calling attention at first to the 14 peace terms which call for "open covenants of peace, openly arrived at" the senator said there was no question that this was intended to meet just such practices as now proposed.

"The question now," Senator Borah continues, "is whether that proposition is to be utterly disregarded in the proceedings at Versailles."

## SUB-TREASURIES ARE ABOLISHED

(By Associated Press)  
Washington, January 17.—The House today adopted a provision of the legislative appropriation bill directing the Secretary of the Treasury to abolish on July 1, next, the sub-treasuries at Baltimore, Boston, Chicago, Cincinnati, New Orleans, New York, Philadelphia, St. Louis and San Francisco.

## COUNTER REVOLT

(By Associated Press)  
Helsingfors, January 17.—A counter revolution has broken out in Petrograd, according to reports from Reval, and the Bolsheviks have started a general hurried retreat eastward from Estonia.

## FOCH ORDERS HUN BANKER ON THE CARPET

(By Associated Press)  
London, January 17.—Rudolph Havenstein, president of the Imperial Bank of Germany, has been ordered to Spa by Marshal Foch, according to a dispatch from Berlin, to attend a conference concerning the entente's financial demands on Germany.

## GUARANTEES ARE SUSPENDED IN BARCELONA

Second Outbreak Causes Withdrawal of Constitutional Privileges.

(By Associated Press)

London, January 17.—The Spanish government has published a decree suspending constitutional guarantees in the province of Barcelona, according to a wireless dispatch from Madrid.

Barcelona and the province of which it is the capital has been the center of recent agitation in favor of autonomy for Catalonia.

After disturbances in Barcelona and other parts of Catalonia early in December the Spanish government offered to submit the demand to a parliamentary committee. A Madrid dispatch January 4 reported a commission of political leaders of Spain had decided in favor of autonomy for Catalonia, and it was expected the matter would be brought before the Spanish parliament when it resumed its sessions January 20.

## LENINE LANDS AT BARCELONA

(By Associated Press)

Madrid, January 17.—Nicholi Lenine, the Bolshevik premier of Russia was among Russians who landed at Barcelona recently according to newspapers here.

## SUPREME COUNCIL ORDERS RECESS AT NOON TODAY

Official Statement Will Not be Made Until Close of Afternoon Session

(By Associated Press)

Paris, January 17.—The supreme council of the peace conference met again today according to program. At noon it took a recess until three o'clock.

It was announced that no official statement regarding the proceedings of the conference would be made until the conclusion of the afternoon session.

The conference was presented with a statement of the action taken by the various press representatives.

The statement set forth that the American, British, Italian, Serbian and Belgian correspondents asked the admission of the press to the sittings of the council.

The French press delegation on the other hand was unanimous in taking the contrary position.

Thus no common resolution was presented and the press delegation of each country is left liberty of action in proposing its viewpoint to its own delegations.

## 300 SHOCK PATIENTS ARRIVE

White Plains, N. Y., January 17.—Three hundred American soldiers suffering from shell shock were assembled at the Eastview Hospital here today from the various debarkation hospitals of the port of New York.

## \$1,000,000 FIRE

Philadelphia, January 17.—(By Associated Press)—A \$1,000,000 oil fire at the docks of the Atlantic Refining Company resulted today from an explosion of oil aboard the tanker Roald Amundsen. The interior of this ship was burned out and its \$100,000 cargo of oil was destroyed. The flames spread to the loaded tanker Kiobenhavn and it also was badly damaged. One workman was drowned.

## WALKER D. HINES MADE DIRECTOR-GENERAL

WALKER D. HINES

Walker D. Hines, formerly assistant to William G. McAdoo in operating the railroads under Government control, has been appointed Director-General of Railroads to succeed Mr. McAdoo. His appointment was recently officially announced at Washington. Mr. Hines is a native of Kentucky and was formerly connected with the Atchison, Topeka and Santa Fe Railroad as general counsel and chairman of the board of directors.

## BOTH SIDES ARE OPPOSING SECRECY BAN

Senate Regardless of Politics Joins in Voicing Disapproval

(By Associated Press)

Washington, January 17.—Protest against secrecy at the peace conference were voiced by both sides of the chamber in the Senate today after Senator Borah had delivered an address declaring that President Wilson and the American delegation should know that a great majority of the people wanted the negotiations to be open.

Sensors Johnson, Williams and Lewis joined in the demand for "open covenants of peace openly arrived at" as prescribed in the first of President Wilson's principles of peace. Senator Johnson said the situation emphasized the need for a strictly American policy which included the withdrawal of American troops from Europe at the earliest possible moment.

Senator Lewis declared that violation of the first of Mr. Wilson's principles might start the war over again. Senator Williams thought that in view of a thousand years of precedent the attitude of the European delegation toward secrecy should be regarded with charity, but that everything arrived at at the peace conference should be communicated to the world, step by step.

## OHIO COMMISSION TO FIGHT ORDER OF THE DIRECTOR

(By Associated Press)  
Columbus, O., January 17.—The Ohio public Utilities Commission will fight in the courts any attempt of the Federal railroad officials to override the action of the state commission today in refusing to approve zone express rates ordered by the Director General of Railroads, chairman C. C. Marshall announced after being advised that the railroad administration had declared it would not recognize the action of the state commission.

## FRENCH ARMY'S TREMENDOUS LOSS

3,000,000 soldiers of France about one-half her entire army, have been killed or seriously wounded, according to Andre Tardie, French high commissioner to the United States. This enormous sacrifice for liberty is larger than that of any other country. America owes France a huge debt of gratitude, not only for this, but also for the discovery by her peasants of a perfect remedy for stomach, liver and intestinal ailments which is reported to have alleviated incalculable suffering prevented many surgical operations and saved thousands of lives the world over. Geo. H. Mayr, for many years leading Chicago chemist, imports the ingredients and sells this remedy in America under the name of Mayr's Wonderful Remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Blackmer & Tanquary, Frank Christopher, and druggists everywhere.

### THE 83RD DIVISION DIARY OF TREMENDOUS ACTIVITIES

Appearing exclusively in the Sunday News Leader, January 19th. This diary gives in full the activities of the 28,000 Ohio boys in the division. A gripping story of facts written by an Ohio boy.

Be sure to procure a copy. On sale at Leland's News Stand.

Associated Press)—All the 46 defendants in the I. W. W. conspiracy case were found guilty by a jury in the United States court here tonight.

The verdict, "guilty as charged," was returned at six o'clock after the jury had been out since 4:35 o'clock. Sentences will be imposed tomorrow by United States Judge Frank H. Rudkin of Spokane.

Miss Theodora Pollock, the only woman defendant, was called by Prosecutor Duncan "just as disloyal" as Bill Haywood, the executive head of the organization.

"She could have cast her lot with the United States when it was sadly in need of her talents," he said "but she chooses to cast it with this treasonable, disloyal outfit. She had money to give this I. W. W. organization, but not one cent to give her government."

### Slow Up In Demobilization

There is a hint contained in the news from overseas that there may be a slowing up in the work of army demobilization which has been proceeding at such a rapid rate since the carrying into effect of the armistice provisions.

As yet there is nothing to indicate that the United States will be required to maintain, for any length of time, any considerable armed force on the continent. The burden of determining what armed force is necessary until the peace treaty is signed and until the execution of its provisions is made certain, seems by common consent to have been left to Great Britain and upon Great Britain also it seems now, will devolve the burden of furnishing the army.

America's duty is more to furnish the food and manufactured products for the army of occupation leaving the task of providing the man power to the nations nearer at hand to the battle zones.

There is the possibility that the flames of war may again break out before the establishment of peace. There will be many requirements—stern requirements—made of Germany and many disappointments in the ambitions of the smaller states which must be borne. The great alliance and associated nations will meet conditions imposed and comply readily with all demands, but the Central Powers and the smaller ambitious states which have not yet grasped the great ideal may cause trouble.

A large army of occupation will be not only an available protection in case of trouble, but it will be a tremendous deterrent.

### Still Fooling Mexico

We, in America, can scarcely believe it is possible for German agents anywhere on earth to "explain" away the complete defeat of the Huñ navies and armies. We can scarcely believe that anywhere even the crude and bungling methods of German propagandists can claim victory out of the abject defeat.

And yet reliable reports inform us that that is exactly what German agents in Mexico are doing and to a great extent "getting away with it too."

Their efforts in that regard are aided very much by the premature and wholly unwarranted publications that an armistice had been signed.

They assert, in proof of their false assertions and crude reasoning, that pro-Ally newspapers have acknowledged an erroneous publication of the signing of the armistice. This gives them a hook upon which to hang the bald assertion that all news dispatches of the present time are false.

The Mexican peons are ignorant and suspicious, glad to contradict the recognized authorities and thousands of them are taking hold of the false propaganda. An amazing, but still an actual condition.

### A Fair Sample

Over in New York state, a few days ago, the appellate court set free a woman who had been charged with receiving stolen goods.

The facts as reported in the news dispatches are that the woman received from a man, who had stolen some securities, twenty-one thousand dollars in money. The man had stolen the securities, sold them and then given the money—proceeds of the sale of the stolen securities—to the woman.

The court held that there was nothing in the law which warranted holding the woman on a charge of receiving stolen goods and more than that—there was no law on the statute books making it a crime for anyone to receive the proceeds derived from the sale of stolen property, even presuming guilty knowledge.

Is it any wonder, when such technicalities are permitted to be used as a shield for the guilty, that people are crying for reform in the judicial procedure? Is it any wonder that people generally think our judicial machinery is far behind the times and inadequate to meet present needs?

In erecting safeguards for the individual against the tyranny of autocracy way back centuries ago the English speaking people did a great work for humanity, but they have wandered too far afield—they have got going in the same general direction, technical protection to the individual and lost sight entirely of promptness and certainty in bringing the guilty to justice.

That incident in New York is a fair sample of the way in which justice is not administered.

### POEM FOR TODAY

#### THE COWBOY'S PRAYER

Oh, Lord, I've never lived where churches grow;  
 I love creation better as it stood  
 That day You finished it so long ago  
 And looked upon Your work and called it good.  
 I know that others find You in the light  
 That's sifted down through tinted window panes—  
 And yet I seem to feel You near to-night  
 In the dim, quiet starlight on the plains.

I thank You, Lord, that I am placed so well;  
 That you have made my freedom so complete—  
 That I'm no slave of whistles, clock or bell,  
 Or weak-eyed prisoner of wall or street,  
 Just let me live my life as I've begun—  
 And give me work that's open to the sky;  
 Make me a partner of the Wind and Sun—  
 And I won't ask a life that's soft or high.

Let me be easy on the man that's down—  
 And make me square and generous with all;  
 I'm careless sometimes, Lord, when I'm in town—  
 But never let them say I'm mean and small.  
 Make me as big and open as the plains—  
 As honest as the horse between my knees—  
 Clean as the wind that blows behind the rain,  
 Free as the hawk that circles down the breeze.

Forgive me, Lord, when sometimes I forget—  
 You understand the reasons that are hid;  
 You know about the things that gall and fret,  
 You know me better than my mother did.  
 Just keep an eye on all that's done and said,  
 Just right me sometimes when I turn aside,  
 And guide me on the long, dim trail ahead.  
 That stretches upward toward the Great Divide.  
 —New York Sun.

### LET'S TALK IT OVER—BY HAL COFFMAN

#### HARD UP AND HARD WORK.

Old Hard Up and Young Hard Work don't travel the same road for long without a row. HardWork may sometimes lose patience and find it hard to get rid of the old man. But sooner or later he finds a chance to push him over a cliff. Many a man says to himself "no one works harder than I do, yet I can't get ahead and out of debt." To be discouraged is easy. To have confidence in yourself is acquired. The only way to keep a squirrel on the ground is to cut down the trees. But so long as there ARE "trees" your chance to climb is as good as the other fellows.

### SEARS & NICHOLS TO HOLD MEETING

The thirteenth annual conference of the factory superintendents, managers, fieldmen and salesmen of The Sears & Nichols Canning Company will be held at Chillicothe, January 28, beginning at 9:00 a. m. The meeting which will be one of the most important ever held by the concern, will be attended by Mr. H. J. Bliss, superintendent of the Washington branch of the concern.

### GOES FISHING IS FINED \$100

Because he went fishing—and caught the fish he was after, Charles McKinney, police character of Xenia, this week was fined \$100 and the costs and given 30 days in the Xenia works.

McKinney "caught" the fish from a Xenia grocery—three buckets full of salted fish.

### QUICK RELIEF FROM CONSTIPATION

#### Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

## News of Interest to Women

Mrs. R. C. Hunt extended charming hospitality to the women of the Euchre Club and a couple of tables of additional guests Thursday afternoon.

Together with a spirited game the guests enjoyed the background of the hostess' attractive home, its large living room and reception room softly lighted through rich tinted shades and fragrant with spring blossoms.

A delicious collation was served late in the afternoon, Miss Anne Saxton assisted in the hospitalities.

Mrs. Nettie James, of Denver, Colo., was presented with a cluster of flowers as the guest favor.

"I'll be home the first of the year," wrote one soldier boy to the good wife he left behind him, "so start your hope chest and be ready for a second honeymoon."

Once again we are indebted to Anne Rittenhouse for some happy suggestions, pertinent to the home coming of thousands of soldiers.

Few women have to be convinced that there is just as much reason for preparing as charming as possible a wardrobe for the home-coming of their soldier husbands as there was in planning an elaborate trousseau for the same husband for the first

honey moon. So is it that in the smart shops where women's toggery is sold there is much buying going on in the lingerie department. Never before was there a bigger demand for the boudoir apparel than there is now, and the demand is to a great extent on the part of the soldiers' wives who wish to appear most charming when the good man returns.

Bright colors are the rule in boudoir apparel, and while two or three years ago one chose for the colors of one's boudoir cap either pink or blue one has to choose now from a dozen or so brilliant hues and combinations of colors. Instead of pink we have American beauty, and the blue is no longer a baby blue, but a much richer shade.

Not everyone would care to wear underthings made of fabric painted with designs of lovely roses, but there are enough women who do to make this sort of thing worth while. The roses are vividly colored and large in design and it is said that roses are chosen instead of pansies or sunflowers or chrysanthemums or violets, which it would seem might just as well been chosen in order to pay tribute to the rose of England. Perhaps we shall later have lingerie printed in thistle and shamrock de-

signs, to extend our tribute to the other British Isles.

The girls of the Ohio State Telephone Co., including Misses Bernice Ford, Ruth Wilson, Irma Lynch, Mary Josephine Cullen, Georgia Monagle and Mrs. Lowell Brown, entertained with an elaborate four course dinner at the home of Miss Cullen, Tuesday night.

The table was beautifully decorated in pink and white carnations and the same tints were daintily introduced in the courses.

The affair was altogether delightful, dancing and music, rendered by Miss Cullen and Mr. Thomas Cullen, enjoyed after full justice had been given to the delicious viands.

Mrs. Cullen and Mrs. Alkire assisted in the hospitalities.

Those seated with the entertainers were Manager Oscar Orr and Mrs. Orr, Mr. and Mrs. Clark Crawford, daughter, Virginia, Mr. and Mrs. Joe Ogen, Mr. and Mrs. Graham Roseboom and daughter, Miss Valma Reno, Mr. Laris Hard, Messrs. Thomas and Edward Cullen, and Mrs. James Foster, of Chillicothe.

The young people of the Dar Un Paseo Club spent a very jolly evening and had altogether one of the merriest parties in the club record Thursday night.

Assembling at the home of Miss Doris Edwards they attended the second show at the Palace theater to see William Russell in "All the World to Nothing."

Returning to the Edwards home dancing, and music were enjoyed and "box luncheons" proved a talking novelty.

Participating in the affair were: Winnifred English, Alma Eggleston, Inez Eggleston; Doris Kelley, Lillian English, Cozella Townsley, Thelma Marchant, Muriel Bloomer, Doris Edwards, Mabel Nelson, Homer Morgan, Neil Hoppes, Sydney Bloomer, Rexford Collier, Homer Eggleston, Ralph Marchant, Delbert Crouse, Irvin Yeoman, Jefferson Bloomer, Earl Householder.

Despite the ending of the war there will be no let-up in the movement to have women take more interest in farming according to speakers before the Woman's Land Army of America, which concluded its first annual convention at Philadelphia this week.

Miss Carrie Willis spent the past summer with a unit of the Land Army of America at the Anna Dean farm, Barbarton, Ohio. The unit was composed largely of college girls who were very enthusiastic about their new branch of service. These girls pitched hay, shocked wheat and engaged in real farm work, finding themselves soon becoming hardened to it.

Announcement cards bearing the following inscription have been received by friends in this city.

Mr. and Mrs. Ramsay Jay Trobridge announce the marriage of their daughter, Clara Louise, to Mr. Paul Raymond Carroll, Lieutenant United States Army, on Tuesday, January the fourteenth, Greenville, South Carolina.

The bride is a very attractive Columbus girl, who has made numerous acquaintances here when the guest of Mr. and Mrs. C. H. Griffls.

With a good attendance of both members and visitors the Golden Rule Club convened with Mrs. George Sturgeon Thursday afternoon.

Mrs. Byrl Cockerill had charge of the regular lesson.

The hostess served most appetizing refreshments, assisted by her sister, Mrs. Harry Buchanan, and the social hour was much enjoyed.

The Thursday Kensington Club held a business meeting at the home of Mrs. Harry Rodecker Thursday afternoon.

Various suggestions were offered for the pleasure of the club, the coming season.

Mr. and Mrs. Kerns Thompson have received word from their daughter, Miss Iris, who has been engaged in government work in Washington, D. C., that she is now in New York City, visiting places of interest. Enroute home she will be the guest of Mrs. Zigler, in Pittsburg.

Wilhelmina Sprenger, young daughter of Mr. and Mrs. William Sprenger, who has been seriously ill with influenza bordering on pneumonia is slowly improving.

Mrs. Willis Jones of Mt. Sterling is the guests of Mrs. Margaret Colwell for a few days.

Mr. and Mrs. Lewis Earl Mallow have returned to their home in Toledo, after a visit of several weeks with Mr. L. C. Mallow and Mr. and Mrs. Carl Mallow at the Mallow homestead. Claribel Worrell, little daughter, of Mr. and Mrs. George Worrell, is spending this week with her aunt, Mrs. Carl Mallow.

## RICHEST ACTRESS WAS NEAR DEATH

MARY PICKFORD

Mary Pickford, highest priced screen actress in the world, is seriously ill with pneumonia which followed an attack of influenza, according to a report from Los Angeles. Dr. R. B. Griffith, her physician, declared Miss Pickford's chances for recovery, unless a sudden change takes place are not good.

Miss Florence Michael has returned from a two weeks' visit with her brother, Mr. Earl Michael, in Detroit, Michigan.

Miss Ethel Powell has been a visitor in Columbus this week to attend the New York Symphony Orchestra concert. She also heard the illustrated lecture on different instruments given by Director Danroach to children.

Mr. Robert Howat left Thursday afternoon for Mt. Clemens, Mich., where he expects to spend the coming week.

Miss Edith Gardner attended the New York Symphony Concert in Columbus, last night.

Mrs. J. C. Burnett, of Sabina, was a shopping visitor here Friday.

Mrs. B. F. Davis was the guest of her sister Mrs. C. C. Pavey in Columbus, Wednesday of this week.

Mr. M. S. Elliott of the Chillicothe pike underwent an operation for cataract, performed by Dr. R. M. Hughey Thursday.

Mrs. Cleveland Judy has returned to Columbus after a visit with her mother, Mrs. Frank Flee.

Among business visitors in Columbus this week were: Messrs. Fred M. Mark, John Van Gundy, D. H. Van Winkle, F. M. Kennedy, John M. Jones, Charles H. Allen, Howard Hagler and Dr. Neil B. Jones.

Mrs. H. L. Little and daughter Pauline, Mrs. R. S. Creamer, Mrs. George Blessing and Mrs. Roxie Corbit, of Jeffersonville spent the past two days in Columbus and attending the New York Symphony Concert at Memorial Hall, last night.

William Walker left Friday morning for Washington, D. C. to continue his government work.

Postmaster and Mrs. S. A. Murry went to Dayton, Friday, to spend the week end with Mrs. J. W. Hughey and Mr. and Mrs. Brooks Hughey.

Mr. and Mrs. George B. Cheney, Mr. and Mrs. Al Thornton were visitors in Columbus, Thursday.

Mr. Walter Ellis was a business visitor in Columbus, a couple of days this week. Mrs. Ellis accompanied him.

Mr. B. H. Crouse of Cincinnati is visiting his sister, Mrs. Earl Snider on Lakeview avenue.

Misses Maxine Kibbler and Jessie Sunkle go to Columbus this evening to spend the week end with Miss Kibbler's aunts, Misses Sadie and Grace Glenn, to see "Flo-Flo" at the Hartman theatre tonight.

Mr. and Mrs. Orme W. Brown spent the past two days in Columbus.

Mr. and Mrs. Frank White spent Tuesday in Chillicothe, at the home of Mr. Culter and Mrs. Dwinell, where Mrs. Frank White, Jr., is a house guest.

## REPAIR BRIDGE ON DAYTON AVE.

The work of repairing the Dayton Avenue bridge is now under way, and the structure was found to be in even worse condition than at first believed.

The floor has been removed and traffic must necessarily detour over other streets.

Unfortunately the street across the southern end of the sales barn tract and lower part of the Willis Lumber Company's plant, has never been completed, or a much shorter route would be open in making the detour.

## MEETINGS RENEWED

# CLEAN TEETH

Aside from the personal pride in a set of good, clean teeth and healthy gums, there is no one thing which has the effect on general health. It is your duty to yourself to Keep Your Teeth Clean. To do this you must use a Good Tooth Brush and some good dentifrice, paste, powder or liquid. Don't select a tooth paste because it tastes good—select one made to clean. We carry all popular makes of paste, powder, liquid. Tooth Brushes are "our hobby." Our line is unusual and prices low—10c to 60c. A very good brush for 25c—a better one for 35c. The kind that hold their bristles and are replaced if they don't. See Our Window.

## MRS. BERT SHIMP ANSWERS TO CALL

A telegram received Friday morning from Akron brought the sad intelligence that Mrs. Bert Shimp (nee Dressel Colwell) daughter of the late Mr. and Mrs. Henry Colwell, had passed away a few hours earlier in the day from double pneumonia. No further particulars in regard to her illness or death have been received.

Mrs. Shimp and little son, Bert Jr., joined Mr. Shimp in Akron before Thanksgiving to spend the winter. They had left their home, on Sycamore street, in this city, furnished, their future plans not having been definitely decided upon.

The news came as a painful shock to this city, where many friends learned it with deep regret and poignant sympathy for the family. Similar regret was felt in New Holland, where he Colwell family lived in earlier years, and where Mrs. Shimp was born and grew to lovable girlhood.

The past ten years has witnessed the death of the mother and three sons, Frank, Harry and Chester, this fifth death removing the entire family with the exception of one son, Harley, in Circleville—circumstances sad in the extreme.

The body will be brought from Akron to the Shimp home in this city Saturday. Funeral announcements will be made later.

## ANNUAL BUSINESS MEETING OF THE BAPTIST CHURCH

The annual business meeting of the First Baptist Church was held Thursday evening, with a large attendance and reports showing a successful year in the various branches of the society. A short musical program preceded the business meeting, and a social hour followed the business session.

Officers elected for the year were: Deacon, John W. Cane; Trustees, for one year, Laris Hard, for five years, Mrs. O. Briggs; Secretary and treasurer, Harry E. Wood; Clerk, Clara A. Jann; Sunday School Superintendent, Edwin Bell; Assistant Superintendent, Harry E. Wood; Organist, Miss Mabel Briggs; Assistant Organist, Miss Ethel Powell; Chorister, Mrs. Walter McLean; Assistant Chorister, Mrs. John Browning; Head Nsher, H. E. McLean.

The matter of obtaining a pastor to succeed the late Rev. Hart has been under consideration, and it is expected that in the near future a pastor will be selected.

## HAMDEN LOSES B. & O. TERMINALS

The town of Hamden, which for many years has been the B. & O. terminal for the Portsmouth Division, has lost the terminal and as a result must a number of the families of railroad men will follow the terminal to Wellston, where better facilities in the way of roundhouses and yards are offered.

The only portion of the regular terminal to be retained will be facilities for two passenger trains on the Portsmouth division of the road.

It is expected that Hamden will speedily lose its importance in railroad circles as the result of the change made.

## TWO YEAR OLD BOY LOSES AN EYE

Edgar Mossenbarger, the little two year old son of Mr. Sergel Mossenbarger of Lyndon, had one eye removed in an operation performed by Dr. R. M. Hughey at the Fayette Hospital Friday morning. The loss of the eye was due to a case of glioma.

## THE ARMISTICE TIME EXTENDED

(By Associated Press)

Amsterdam, January 17.—The armistice between the allies and Germany has been extended, the agreement to that effect being signed by Matthias Erzberger, the German Armistice Commissioner at Treves, late Wednesday, according to a Berlin dispatch received here.

## GET AUDIENCE ON ARMENIAN RELIEF

A meeting of the war chest trustees and war chest organization was held Thursday afternoon to hear and consider the matter of making a donation from the war chest fund for Armenian and Syrian relief. The dire needs of Armenia were eloquently presented by the Rev. Mr. Rejy, an Armenian, now pastor of the Mc Nair Memorial Church of Washington C. H. W. W. Hamilton, of Washington C. H., representing the district chairman, presented the facts as to the national endorsement of the movement and announced the quotas of the counties in the Springfield district. These are as follows: Clark \$18,000; Champagne \$4,567; Madison, \$6,512; Fayette, \$6,336; Pickaway, \$6,336; Ross \$12,848; Hocking \$2,992; Athens, \$6,884; Vinton, \$880; Meigs \$2816—Chillicothe News.

## COUNTY BOARD TO MEET ON SATURDAY

The county board of education will meet Saturday evening at 7:00 o'clock for the purpose of temporary organization.

## OHIO DRY LAW TO BE PATTERN

Columbus, O., January 17.—(By Associated Press)—Prohibitionists will introduce into both houses of Congress a federal dry bill immediately. It is announced by Ernest H. Cherrington, general manager of the publication interests of the Anti-Saloon League of America.

There is now before Congress a bill providing law enforcement of war prohibition. Cherrington said it was probable the enforcement features of both this bill and the nationwide dry act would be merged. Responsibility for enforcement will be vested in the commissioner of internal revenue, he explained.

Provisions of the proposed federal law, Cherrington says, are much the same as those of the proposed dry laws for Ohio. Both the state and federal government are given concurrent jurisdiction in the federal bill.

Because of the recent decision of the United States Supreme Court in the Reed bone-dry law case from West Virginia, drys indicate that the federal prohibition law will contain a provision making possession of liquor a violation of the statute.

The Ohio state bills now pending do not fix such a violation but the federal bill, if enacted bone dry in this sense, would supersede the state law on the subject.

## TO START EXPRESS

Vladivostok, January 17.—(By Associated Press)—The newspaper, Golos Primorya, claims to have information from the Omsk ministry of Ways and Communications to the effect that a bi-weekly express train service will start soon between Vladivostok and Omsk, the schedule to conform to the old express of pre-war days.

## RECEIVES PAINTING

Paris, January 17.—(By Associated Press)—The French Maritime League has presented to Mrs. Wilson a painting symbolical of the union of the United States and of France. The painting represents Count De Grasse's frigates sailing for the west in 1781 and an American dreadnaught sailing to France in 1917.

## SAW SERVICE ON SEVERAL FRONTS IS COMING HOME

Ed. L. Burnett, in a Hospital, Describes Route Taken and Closing Days of the War—May be on Way Home

Writing to his mother and brothers in this city from Mesnes, France, under date of December 4th, Edward L. Burnett says:

"It won't be long now until I will be home, so do not write me any more as I am afraid I will not be here to receive it. They are going to send B, C, and D classes home first and I am in B Class on account of my teeth, so look to leave any time now. They are having trouble of getting transportation from here to the seaport. This place is about 200 miles from Bordeaux which is a big seaport. Gee but I am sure glad that I am coming home, for I am sick of this country. Think I will be at home at least by the first of February; just in time to get some of the cold weather. Just as soon as I get in the States will wire you so that you will know that I get across O. K. Think it will take about 8 days to cross. It took 14 days for us to come over on account of us having to take a zigzag course to keep away from the subs. We sailed from Boston, Massachusetts to Halifax, Nova Scotia, and then to Liverpool, England. We went from Liverpool to Winchester, England, and then to Southampton and then across the English Channel to Cherbourg, France. We then got on the train and rode in box cars for three days and nights to a little town in France called Plechatel where we stayed in training until we went into action, which was on the Verdun front one of the worst on the whole line. Our Division, the 83rd, was used as a replacement division to fill the other divisions that were over here before us. My outfit was attached to five different divisions, the 1st, 5th, 26th, 29th, and 32nd, the last named being the one they are now with, "some-where in Germany." All of them were crack divisions. I was on three fronts. The Champagne, Argonne and Verdun. The Yanks sure did some fine fighting on these fronts; they sure had the Hun on the run all the time, right up to eleven o'clock Monday, November 11, when the armistice was signed. After it was all over and the last shot had been fired, the Germans at certain points came over and shook hands with the Americans and said that they were sure glad to have it over with as they knew they couldn't beat the Yanks. I was in the little town of Liny on the right bank of the Meuse river, about 25 miles above Verlin when the finale came, the Germans had only been out of it about 24 hours when we got there and they were laying dead everywhere. They sure got what was coming to them around there. They left big stores of ammunition, guns, machinery, etc., in their big rush to get away. I hurt my arm on the morning of the 13th, just as we were getting ready to start on the hike into Germany and was sent to this Hospital Base No. 3. It is about 250 miles from where I was when I hurt my arm. It is all O. K. now and I am feeling fine otherwise with the exception of a little indigestion. Just as soon as I get back to the States I am going to have some teeth put in and then I will be O. K. Hope all of you are well and getting along O. K. You write to Harry and tell them not to write any more. Give everyone my best and tell them I will see them soon. Will close for this time. From your loving son and brother,

## DISCHARGE BOOK READY FOR USE

County Recorder Johnson announces that the ledger for recording army discharges is now ready for use and that the fee for recording such decrees is 25 cents.

By recording such discharges valuable records are thereby preserved and it is believed that the hundreds of Fayette county men who have and will later receive the discharges will have them recorded.

## EIGHT HOUR DAY AT FREIGHT OFFICES

Beginning January 16th the railroad freight offices in this city will be operated on an eight hour day basis, being open from 7:00 a. m. to 4:00 p. m. each week day.

The new basis of employment will reduce the hours of the employees considerably.

## CHARGED WITH THEFT OF DOORS

Jess Williams, this city, was placed under arrested Friday morning on a warrant charging him with the theft of some doors from the old stove foundry building in this city, and his hearing has been set down for Tuesday morning at nine o'clock, before Judge Allen in Probate Court.

## HAS STOP WATCH TO GET SPEEDERS

The speeder who figures that he can beat the traffic officer, even though the traffic officer does not often appear on a motorcycle, is becoming wise to the fact that the officer is equipped with a stop-watch so that he can count time very accurately.

Several offenders have been cited to appear before Mayor Dahl during the past few days, the chief charge being excessive speed, with owners of autos who permit their engines to run with the exhaust wide open coming a close second.

## HOUSEHOLD GOODS WERE ALL BURNED

When the farm residence of E. E. Vannorsdall, of Jefferson township, burned to the ground late Thursday afternoon, virtually everything it contained perished with the building, and the total insurance was about \$300, it is understood.

The family was absent at the time and the two or three articles removed from the burning structure were carried out by neighbors, who rushed in and did what they could to prevent further spread of the flames.

Mr. Vannorsdall will probably rebuild early in the spring.

## JEFFERSONVILLE TO PURCHASE NEW FIRE APPARATUS

Within a short time it is expected that Jeffersonville will take another progressive step and purchase new fire fighting apparatus so that it will have something like adequate protection against fire dangers, from which it has suffered several exceptionally heavy fires, any of which would have purchased elaborate fire fighting equipment.

At the present time the town's only equipment is a hand drawn chemical engine, and the new apparatus under consideration consists of a hose chemical engine, motor driven, and a motor driven water pump, costing approximately \$2850, and with \$900 worth of hose.

The next meeting held to consider the matter will be held Friday night, January 24th, at which time it is expected definite action will be taken.

The next step will be the construction of fire cisterns at logical points to furnish a supply of water sufficient to deal with the ordinary conflagration. It is possible that the cisterns may be connected with the creek so that they would be continually fed from the creek as wanted.

## MEN WANT BOOKS

## JAP SAYS WAR CAUSED CHANGE

(By Associated Press)

Tokio, January 11.—The war has revolutionized the ideas among civilized peoples concerning international relations, declared Takashi Hara, Japan's new commoner Premier in a recent interview.

"A new spirit seems to have been born among them," he said. "It seems to me that this new spirit will in the future come to sway the minds of people in all civilized countries and govern the relations between the nations."

Speaking of peace, he said: "The idea of oppressing the German people will be repugnant to the labor parties in England and France and also to the humanitarians in America—classes of men whose sentiments their respective governments cannot ignore. Under these circumstances, I am inclined to believe that comparatively moderate and fair opinions will prevail at the peace conference, with the result that the war will end in a peace under which all the nations of the world can in the future live in safety and in harmony with one another. Nobody can deny that such is the peace needed for the true welfare of mankind."

## REFUGEES ARE ON WAY TO HOMES

(By Associated Press)

London, January 14. — From Southampton and from Grimsby, Scotland, ships are taking back to Belgium the first consignment of the thousands of Belgian refugees who sought shelter in this country at the beginning of the war. Present arrangements for the repatriation of the exiles contemplate the return only of those belonging to Antwerp and vicinity. Later those whose homes are in other parts of Belgium will be taken care of.

Speed with which general repatriation of the Belgians will be carried out depends upon the internal conditions of Belgium and improvement of road and rail transport. The repatriation will be at the expense of the British government.

Putting in order lines of communication with released territories in Belgium has been a slow, laborious work, and there are many Belgians in England who have not yet been able to get into touch with their people at home.

## WILL DISCONTINUE FIVE PERCENTERS

London, December 30.—(Correspondence of The Associated Press).

—The issue of National War Bonds at 5 percent will be discontinued next month, by order of the Treasury. It is from this source that the government has been deriving most of the money for carrying on the war. The market is wondering how and in what way the authorities will obtain their funds when that issue is taken off the market.

In financial circles the view is expressed that there will be an issue of 4 per cent Treasury bills running for twelve months, and that in the course of time all the short term obligations outstanding will be consolidated into a long term loan at not more than 4 percent interest.

## YANKS BUY UP IRON CROSSES

(By Associated Press)

With the American Army of Occupation in Germany, January 13.—

The canteen in the largest barracks in Coblenz continued to operate as usual during the switch from German soldiers to those of the American Army of Occupation. A German civilian with two young women assistants managed the canteen while the Germans were in the barracks and when the Americans arrived it was agreed that the same arrangement should continue. The Germans did a thriving business. All the iron crosses which the canteen manager had on hand were bought up in a hurry by the American infantrymen—by those of the soldiers who had not secured a souvenir of this kind on the battlefields.

## YANKEE FORCES IN RUSSIA ARE "FIT TO FIGHT"

Practice March Demonstrates Readiness of The Americans On Siberian Front.

Vladivostok, December 3.—(Correspondence of The Associated Press).—American forces on the Vladivostok front turned out for a practice march into the hills today. In the early crisp air of the morning the troops assembled from various camps, some of which lie three to four miles away in the valleys beyond the Golden Horn bay. They came in heavy marching order—heavy in the word—in buffalo-hide or sheep-skin-lined greatcoats and fur caps, and with close to sixty pounds on their backs. They brought their field kitchens all fired up for the noon meal, besides all the other equipment of a mobile army.

Start was from the army base at the foot of the bay. With a background of dun hills splashed with snow and dotted here and there with wooden shacks, with roads winding away into the distance filled with the assembling soldiers, one could easily imagine the scene of one of Washington's Pennsylvania campaigns. The big, sleek mules in their brand new harness looked efficient. The big horses with the big men riding them looked business-like. The horses and mules, like the men, were stout and hearty.

The native population gathered and looked their admiration. Workmen knocked off work to watch them go by. Even some of the officers who with General Graves reviewed the column from the roadside evinced more than usual interest in the new-pattern guns and field equipment.

There were some little guns, trundled by all wrapped up in canvas covers. There were men carrying queer looking things like modified "blunderbusses." Somebody said they could lay down an effective barrage at eight hundred yards. And there were a lot of other guns.

From an angle in the road the reviewers watched the brown line climb steep grade and disappear around the shoulders of a rocky hill. The idea appears to have been to demonstrate

## OHIO SPORTSMEN WILL BANQUET

(By Associated Press)

Columbus, O., January 16.—An elaborate and instructive program has been perfected for the Nimrods and Anglers who have been invited from all over Ohio, to attend the big sportsmen's meeting and banquet scheduled for January 23rd, at Hotel Deshler in Columbus. Invitations have been mailed to Fish and Game Protective Associations and to prominent sportsmen throughout Ohio by Secretary of Agriculture, N. E. Shaw, and several hundred plates will probably be laid for the banquet at 6:30 in the evening. The invitations are general. Any sportsman is welcome and as many as can manage to attend are urged to be present.

The afternoon program will include addresses on proposed fish and game legislation by Chief Warden A. C. Baxter and by John Burnham of New York, who is president of the American Game Protective Association. Baxter will discuss the proposed codification and the necessity for certain revision, and Burnham will talk on game-farms and refuges.

Governor Cox, who is an enthusiastic sportsman, has been asked to make addresses at both the afternoon and evening sessions.

The big treat comes in the evening following the banquet. Norman McClintock, a prominent Pittsburgh sportsman, will show the famous big

game hunting moving pictures which have been hailed with applause by sportsmen wherever they have been shown. Moving pictures of game breeding and an actual game farm in operation as well as other interesting and instructive features will also be shown. Other prominent sportsmen will be on the program for the talk fest, and the visiting sportsmen will be royally entertained if present arrangements carry out.

## CHARGE PACKER CONCERN PAID HIGH OFFICERS

Food Board Said to Have Been Packed With Swift & Co. "Dollar Men"

Washington, January 16.—(By Associated Press)—Frances J. Heney of San Francisco, who was chief counsel for the federal trade commission in its investigation of the meat packing industry, told the senate agriculture committee today that Swift & Co. had packed the food administration with "dollar-a-year men" who received large salaries from the company at the time they were serving the government.

Mr. Heney, who was appearing in support of the Kenrick bill for government regulation of the meat industry, said Food Administrator Hoover sought to stop him from making public letters criticizing retention by the administration of W. E. Priebe while the latter was still in the employ of Swift & Co.

Mr. Hoover, according to the witness, appealed to President Wilson, saying that publication of the letters was hindering the food conservation campaign. Mr. Heney said he was recalled from Chicago, where he was working in the commission's investigation of the packers, and found on his arrival here that the president had advised the commission that he had no instructions to offer, but hoped that a head-on collision would be avoided.

The witness said Mr. Priebe had charge of fixing poultry prices for the food administration, and that while so acting he received a regular salary from Swift & Co. with a percentage of the income of Priebe & Co. This company, Mr. Heney said, was owned by Swift & Co.

Many of the complaints against Priebe, the witness declared, charged that he, through various orders, was working in the interest of Swift & Co. Heney said he told Mr. Hoover Priebe should be removed, but the food administration declined to take such action, whereupon an agreement was reached that Heney would make public no more letters without first advising Mr. Hoover of their character.

Mr. Heney told the committee that other employees of Swift & Co. who received salaries from the company while working with the food administration were, E. O. Heyl, who had charge on fixing prices on canned goods; H. B. Collins and E. S. Brooks. Heyl later resigned under fire, Heney said. Collins and Heyl, he asserted, received \$10,000 a year from the company.

The witness said that Joseph P. Cotton, head of the food administration's meat division, was a man of "high integrity, but was unfit for the job of regulating the packers." Mr. Heney said Mr. Cotton had admitted to him that the profits of the packers in 1917 were "scandalous."

Swift & Co.'s profits year before last were \$47,000,000. "If you believe the books," said Mr. Heney. This compared with \$6,500,000 a year during the three pre-war years, according to the witness.

## DOG CATCHER IS NOW ON THE JOB

Dog-catcher C. W. Perry, of Good Hope, is now on the job and picking up all stray dogs and those not wearing a collar bearing the 1919 license tag.

These dogs will be impounded for five days and if not claimed by that time will be killed, as provided by the statute under which the official operates.

As a result of the activities of the new official there has been a general rush for licenses, regardless of the penalty which is provided by law.

Deputy Perry has picked up quite a large number of dogs in this city and elsewhere and will continue his work without cessation.

## LA FOLLETTE IS FREED OF CHARGE

(By Associated Press)

Washington, January 17.—By a vote of 50 to 21, the Senate Thursday adopted a resolution, recommended by a majority of the privileges and elections committee, dismissing disloyalty charges brought against Senator La Follette of Wisconsin by the Minnesota public safety commission because of his speech on the war delivered before the Nonpartisan League at St. Paul Sept. 20, 1917. The resolution said the speech did not justify any action by the Senate.

On the vote, which was preceded by severe arraignment of Senator La Follette by Senator Williams of Mississippi, 33 Republican senators and 17 democrats supported the resolution, while 20 Democrats and one Republican, Senator Smith of Michigan, voted against it.

The Senate's action disposes of not only the Minnesota safety commission's proceedings, which have been pending for more than a year, but in effect also of numerous petitions to the Senate asking for Senator La Follette's expulsion.

Run-Down People  
Vinol is What You Need

Weak, run-down nervous men and women need Vinol because it contains the most famous reconstructive tonics in an agreeable and easily digested form:—Beef and Cod Liver Peptones, Iron and Manganese Peptonates and Glycerophosphates.

We guarantee there is no tonic equal to Vinol.

## HERE IS PROOF

Detroit, Mich. "I got into a weak, run-down condition, no appetite, tired all the time and headaches—but had to keep around and do my housework. I read about Vinol and tried it—within two weeks I commenced to improve, and now have a splendid appetite and feel stronger and better in every way."—Mrs. John F. Watson.  
 Texarkana, Texas. "I keep house and I was weak, run-down and nervous, back ached a good deal of the time, so it was hard to take care of my chickens and do my work—Vinol has restored my strength, and my nervousness has gone, so I can do my work as well as ever. Every run-down woman should take Vinol."—Mrs. Emma Britt.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.
